

# The Ideal Event Table

Just sit down and relax.

The logo for FoldTable, featuring a crown icon above the letter 'o' in 'Fold', followed by the word 'Table' in a larger font with a registered trademark symbol.

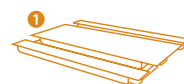

Events need an audience. But it's about more than just visitor numbers. A guest that truly feels welcome stays longer and spends more. First class furnishings act as the host's warm welcome.

FoldTable: #1 event table worldwide.

## The perfect atmosphere at your event

Furniture largely determines the atmosphere and experience of your event. With FoldTable, the worldwide #1 event table, you rent more than just seats. Whether inside or outdoors: FoldTables bring a certain soul to your event. The elegant, curvy design and warm colour of the solid wood table top creates just the right ambiance.

## The ideal event table

Wherever you organise your event on a soggy field or uneven paving, FoldTables are rock-solid and stay where you place them. This keeps the venue neat and uncluttered.

Furthermore, FoldTables are designed and produced to last for years and years under the most demanding conditions, at the most extreme events all over the world. It's safe to say that these tables are "idiot-proof".

## Safety

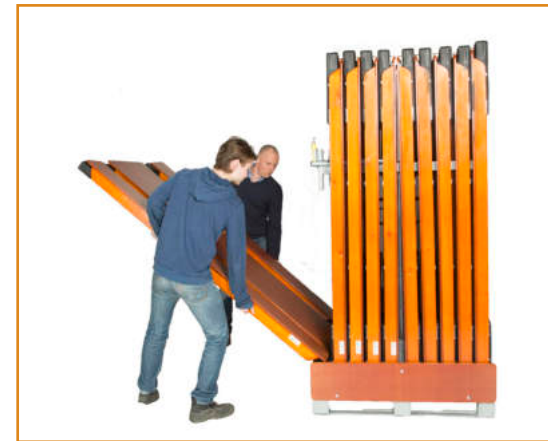

The stability of the tables provide extra safety. Especially at indoor events. Therefore, using FoldTables in large-scale indoor activities is an important advantage when obtaining permits from supervisory authorities. On top of that, often more seats can be created per m<sup>2</sup>.

## Comfort for your guests

Naturally, a FoldTable is extremely comfortable. The seat height and depth have been carefully selected allowing your visitors maximum freedom of movement. The ingeniously designed frame ensures stability, easy access and is placed so far inwards that wheelchair users can easily sit at the head of the table.

## Logistics and cost-effectiveness

Suitable aids for transport and storage are essential for efficient handling and the durability of the tables. FoldTable developed an extremely intelligent system which protects the tables and stores them vertically. This enables ergonomic handling and creates easy access to clean the tables quickly.

## Advantages for you and your guests

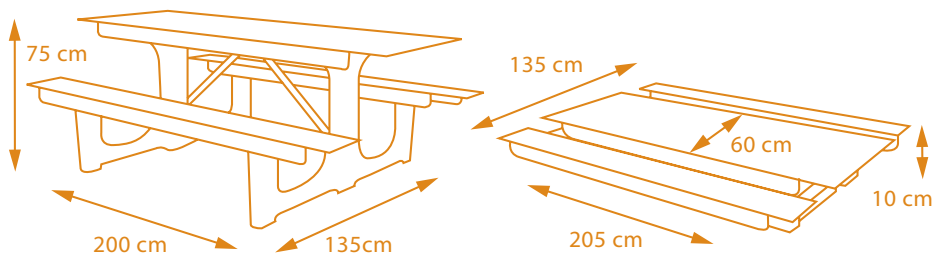

- ✓ FoldTables stay where you put them
- ✓ Less clutter = safer
- ✓ Stable everywhere, even on wet grass
- ✓ Idiot-proof
- ✓ Table top wide enough for two plates
- ✓ Simple to clean
- ✓ Easy access and comfortable seating
- ✓ Elegant design and attractive colour
- ✓ Wheelchair-friendly
- ✓ Efficient logistics
- ✓ Long life span

# What makes FoldTable unique ?

- Wheelchair users have access at both ends.
- The table top is wide enough (60 cm) for two food/drink trays.
- Made from waterproof birch plywood originating from managed European forests. Easy-to-clean, sustainable coating.

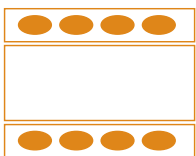

- Easy to step-in and out, and plenty of leg room.
- Thanks to the slightly flexible, broad frame, the FoldTable is stable everywhere. Even on uneven surfaces, grass or gravel.
- The maintenance-free, recyclable base is moulded from a single piece of polyethylene. Smooth surfaces safe for bare feet.

## 8 seats in 10 seconds!

One person can easily set up or fold away the FoldTable in seconds! There are no loose parts.

8 spacious seats
